

SPECIAL ADVANTAGES OF OUR PROGRAM

Management Directed to Produce Measurable Results:

The entire process is designed to achieve management goals as well as the individual employees personal goals. The course also implements permanent systems that will obtain continued measurable results. This will increase managerial effectiveness at all levels.

Individual Packaging:

The Personal Empowerment System is designed for convenience and practicality, as well as effectiveness. The individual packaging means that it is a personalized course to be used as a lifelong process of creating positive productive change.

Learning Design:

- ★ Goal Direction
- ★ On-going System
- ★ Balance Life Applications
- ★ Interactive Teaching
- ★ Personal Coaching
- ★ Groups Dynamics

Built-In Motivation:

Involvement and action in the course is based on the achievement of individual goals related to organizational as well as personal goals. This is an action course. It doesn't just talk about change... it creates change. Personal goal achievement is the single, most effective motivational factor known to man.

Local Support:

Achievement Dynamics Institute is locally based for quick access, coaching, support, and reference. The on-going personal attention and guidance brought to the training is unequalled in the industry.

Links:

This course can be linked to previous and future courses for managers, staff professionals, and all levels of employees. The methods and techniques can be customized to address personal and professional needs for years to come.
